Students' Feedback on Syllabus: 2023-2024

Feedback Analysis and Action Taken Report

Question	Response (major indicators are considered)	Percentage of Response
The books and the references prescribed in the syllabus are sufficiently informative	Agree	76
The syllabus/program sufficient number of electives	Agree	74
Syllabus includes interdisciplinary topics	Agree	72.5
Syllabus includes topics related to competitive exams like NET/SET/GATE	Agree	58
Syllabus includes socially-applied topics and holds a problem-solving approach	Agree	71
The syllabus is in concordance with the kind of employment and entrepreneurship available in the field	Agree	62
Syllabus includes the content related to the recent research methodology and advanced techniques	Agree	70
The size/quantum of curriculum is according to the course duration	Agree	67.4

Suggestions received (representatively quoted as received)

- Emphasis should be given to more of practical knowledge
- Research oriented topics should be included.
- Maximum content should be of industrial based
- More topics related to NET or SET or GET exam
- More topics about employment and entrepreneurship

Observations

- Students are satisfied about the overall content of syllabus
- Students are satisfied about the relevance of syllabus
- Students are satisfied about the usefulness of syllabus
- Students are satisfied with the interdisciplinary nature of syllabus
- New topics which are in demand in market should be included in syllabus
- Syllabus should be skill-oriented and boost entrepreneurship and employability.

Action to be taken

1) Making Feedback on Syllabus by students more exhaustive, keeping in tune with NAAC criteria
2) Observations on the syllabus will be sent to Savitribai Phule Pune University for consideration.
3) A request would be made to the University to incorporate suggestions made by teachers while framing new syllabus
4) Topics, which are excluded from syllabus can be taken up for extra credit course and certificate courses
